# Sync2Hire
Sync Teams. Secure Talent.

Sync2Hire is a secure, centralized, and compliant collaboration platform focused on the post-application phase of the candidate journey.

✅ **Get everyone on the same page.**

✅ **Reduce recruiting complexity.**

✅ **Win better talent, faster.**

Improve your candidate experience while ensuring more secure, compliant communications.

Built-In Compliance Tools

Built-in intelligence tools make keeping comms compliant with EEOC, GDPR, and CCPA regulations a breeze.

Easy Candidate Engagement

Login-less guest access makes collaborating with external candidates or staffing agency partners easy-peasy.

Safe + Secure

No customer data is stored in our API and we leverage OAUTH2 authentication to maximize security.

"Sync2Hire delivers right where it matters."

⭐ ⭐ ⭐ ⭐ ⭐

"Brian and team have astutely caught onto the fact that a company's ability to rapidly coordinate communications around the candidate post-application is the difference between securing your top candidate, or losing him or her to your competitors. In a world where speed and first impressions mean so much, Sync2Hire delivers right where it matters."

Colin Day
Founder and Former CEO of iCIMS, Board Member, PE/VC/Entrepreneur Advisor

Sync2Hire
Sync Teams. Secure Talent.

Sync2Hire makes it easy to bring all post-application communications into a collaborative environment.

Sync Jobs from Your Applicant Tracking System

Centralize job information and sync-up teams.

- 1-Click ATS sync
- Unlimited ATS integrations
- Auto-filter for relevance
- Organize by jobs and candidates

Sync Teams + Candidates with Rooms

Increase collaboration, simplify recruiting, and improve the candidate experience.

- ATS-synchronized rooms
- Set custom alerts, manage room permissions, and enable login-less access
- In-conversation visibility on candidate status

Reduce Risk with Compliance Intelligence

Keep your comms in sync with compliance mandates.

- EEOC violation regulation alerts
- Download and archive synced chat rooms directly into job or candidate records in your ATS
- Candidate present warnings

How Sync2Hire Shows Up
